

NORTH WEST FLIGHT TRAINING

PROFESSIONAL FLIGHT TRAINING • BLACKPOOL AIRPORT

60 Minute Trial Flight

Conducted by qualified instructors under CAA-approved training standards.

OVERVIEW

This flight is a genuine training experience with a qualified instructor. You'll be introduced to real flying techniques and may take the controls during the flight, depending on conditions and instructor discretion. Every flight is conducted as part of our approved training programme.

KEY DETAILS

FEATURE	DESCRIPTION
Duration	Sixty minutes including ground taxi time
Occupants	Up to 3 passengers in addition to the pilot (subject to weight limits)
Instructor	Licensed flight instructor
Location	Blackpool Airport
Eligibility	Flight time may count toward a pilot licence if aged 14 or older
Certificate	Available on request after the flight — can include a follow-up offer

BEFORE THE FLIGHT

You'll receive a safety briefing covering aircraft procedures, communication, and what to expect during the flight. The instructor will explain how the controls work and outline how the flight will be conducted.

DURING THE FLIGHT

The pilot will handle key stages such as take-off and landing. When safe and appropriate, you'll be invited to take the controls and experience how the aircraft responds. The amount of hands-on time varies depending on conditions and instructor judgement — safety is always the priority.

AFTER THE FLIGHT

North West Flight Training

Blackpool Airport, FY4 2QS | www.northwestflighttraining.co.uk | info@northwestflighttraining.co.uk

NORTH WEST FLIGHT TRAINING — APPROVED TRAINING ORGANISATION (UK)

You can request a personalised certificate by email or, in future, receive one directly after the flight. Certificates may include a follow-up offer for further training.

CONTINUING YOUR JOURNEY

If you'd like to continue training, your flight can count toward a Private Pilot Licence (PPL). Your instructor can advise on next steps and training options.

SAFETY AND PROFESSIONAL STANDARDS

All flights are conducted under CAA-approved training procedures. Weather and operational conditions are monitored to ensure safety and quality of instruction.
